

Conducting a Voter Registration Drive in Texas

Voter Registration Deadline

The 30th day before Election Day.

If that is a Saturday, Sunday, or legal state or national holiday, in which case the application may be submitted to the registrar on or before the next regular business day.

Getting Started

Becoming a deputy registrar: All individuals who will deliver registration forms on behalf of applicants must be authorized as volunteer deputy registrars. Those interested must contact the county voter registrar to receive a certificate of appointment and receipt book and may only register voters in the county in which they become deputy registrars.

To become a volunteer deputy registrar, a person must be:

- at least 18 years old;
- a U.S. citizen;
- a resident of Texas;
- never convicted of:
 - a felony or, if so convicted, must have: (A) finished the sentence, including any term of incarceration, parole, or supervision, or completed a period of probation ordered by any court; or (B) been pardoned or otherwise released from the resulting disability to vote;
 - identity theft; or
 - failing to deliver a voter application to a voter registrar.
- not currently prohibited from voting by law.

Note: Deputy registrars are not required to be registered voters.

Training: Volunteer deputy registrars may not receive any voter registration applications until they have completed the training developed by the Secretary of State.

Compensation Restrictions: Do not pay registration drive participants based on how many registrations they collect.

Obtaining Applications

State Forms: You can request blank forms from the [county Voter Registrar's office](#). It is also [available online](#).

Federal Forms: Volunteer deputy registrars may use the [federal mail-in registration application](#).

Photocopying Blank Forms: Blank applications may be photocopied and used in voter registration drives.

Handling Applications

Scope of Authorization for Volunteer Deputy Registrars: Deputies may only accept applications from the county in which they are authorized, and there is no way to become a statewide volunteer deputy registrar.

Volunteers Not Authorized as Deputy Registrars: Volunteers who wish to hand out blank voter registration forms and encourage people to register may do so without becoming deputy registrars as long as they do not collect or deliver the registration forms. Volunteer deputy registrars may distribute blank forms in counties where they are not authorized as deputies.

Assisting Applicants: Deputy registrars may help applicants who cannot read or have physical disabilities fill out the registration form. Do not fill in any missing information on a registration form unless you have permission from the applicant.

Receipts: Fill out a receipt for each applicant, and give the receipt to the applicant and the duplicate receipt to the voter registrar when the application is delivered. Deputy registrars are advised to keep a copy for their records. The Secretary of State recommends that deputy registrars retain their receipt books for the 22 months following the election closest to the applications' effective date.

Reviewing Applications: Deputy registrars must review each application for completeness in the applicant's presence and ensure the applicant has read the statements regarding qualifications to register, and return the applications for completion and resubmission if it is incomplete. Deputy registrars are not permitted to determine whether applicants are qualified to vote, or make the applicant provide a phone number, gender, Social Security Number or driver's license number.

Photocopying Completed Applications: No one other than a county voter registrar's office may photocopy a filled-out application.

Submitting Applications: Deputies may not deliver completed applications by mail. Deputies must deliver completed registration applications and receipts in person to the voter registrar by 5 p.m. on the 5th day after they are received. Deputy registrars may also give their applications to another registrar authorized for the same county for in-person delivery. All applications must be received no later than 29 days prior to Election Day.

Term Length for Volunteer Deputy Registrars:

Authorization for each deputy expires on December 31 of the even-numbered year (even if the deputy registrar was appointed that year) and may be terminated by an appointing authority for any of the following reasons: failure to properly review a voter registration application, being convicted of failing to deliver a completed voter registration application to the registrar, or being convicted of violating performance-based compensation restrictions related to voter registration. Upon termination, all election materials issued to a deputy must be returned to the appointing authority.
